Summary

Systems engineer who operates AWS, Azure and on-premises infrastructure. Ran NOC operations and engineering escalations, modernized Windows and Linux environments, and built release and recovery checks for client systems.

Skills

- AWS and Azure; AWS is my primary hands-on cloud
- Windows Server, Active Directory and Linux administration
- VMware ESXi, Hyper-V, Docker and Kubernetes
- Hybrid connectivity, VPNs, monitoring and escalation
- Backup restore verification, Bash and infrastructure automation

Professional Experience

Founder / Product Engineer / Systems Lead

Technomancy IT LLC

2015 - Present

- Operate client infrastructure on AWS and support Azure and Microsoft environments across client engagements.
- Built container release checks and a PostgreSQL restore verifier that checks backup integrity and restored tables.

Senior Systems Engineer / Datacenter Architect

Front Range Internet Inc.

2015 - 2020

- Ran NOC operations and engineering escalations for hosting and colocation customers; used AWS alongside datacenter infrastructure.
- Migrated workloads from Hyper-V and VMware ESXi to Docker and Kubernetes, built diagnostics, and led SOC 1 and SOC 2 audits.

Systems / Software Engineer

Office Evolution

2014 - 2015

- Built Linux routing and Node.js provisioning automation for office VLANs, Wi-Fi access and front-desk troubleshooting.

Network & Systems Engineer

PlumChoice / Everon

2012 - 2014

• Provided on-call support for managed client systems, networks and endpoints; built repeatable diagnostics for recurring issues.

Infrastructure and Systems Focal

IBM

2010 - 2012

• Wrote Perl, Bash, VBA and PHP automation for enterprise support and built an internal backup tool to reduce licensing costs.

Selected Projects

Excell Services | Hybrid infrastructure modernization

Client engagement through Technomancy IT

• Modernized legacy systems for a major Wray client. Set up Windows Server, Active Directory and VPN access for corporate users.

Technomancy IT | Release and recovery checks

Own technical practice

• Built container release checks and a PostgreSQL restore verifier that checks backup integrity and the restored tables.

Education

Front Range Community College

Computer Science coursework

2011 - 2013

Certifications and Training

CompTIA A+ | CompTIA | Earned

CompTIA Network+ | CompTIA | Earned

Additional training: Anthropic, AWS, Udemy
